

Dear soon-to-be Bronco driver,

It's been a long wait.

And we thank you for your patience.

But we're starting to see the light at the end of this tunnel, and beyond that, a trailhead for you and your Bronco™ SUV.

Yep, that's right. Hardtop roof replacement production has kicked off at the plant; and as promised, we have a timing update for you.

Your Bronco™ VIN # **%%VIN%%** is scheduled to have its hardtop roof replaced in **%%MONTH%%** based on your production date and prioritization of oldest units first.

Once your roof has been replaced you will receive an email that "your vehicle has been built" with the new hardtop roof. This status update will also include an estimated delivery window to your dealership.

Please click [here](#) for more information and FAQs.

We're almost there.
