

Hello Granger Gang!

We wanted to share some exciting news regarding the production of the Broncos. We just had 54 Broncos scheduled for this month. We have not received updates on next month's allocation, but we are hoping to see this trend continue. Everyone that has been scheduled has been reached out to.

We are still under the impression that commodities are holding back certain builds from being built. Please refer [here](#), for our FAQ we wrote last month. If you still have any questions that were not addressed, the best way to contact us would be at FordBronco@GrangerMotors.com. We try to keep all communications through email so we have a paper trail we can both refer back to if necessary.

Granger's Updated List 04/22/22

Below you can search for your reservation number and see what place in line you are on our active orders list. If you do not see your reservation number, your order is either a status 99 or you're still in reservation status. I am unable to change this until the order banks open in Q4 of 2022.

Please remember that having constraints on your build puts you at risk of being skipped over and having a more viable build scheduled instead. If you do not know your reservation number, you can find this on your reservation page where you reserved your bronco.

Our team wanted to thank everyone for their patience and understanding during this difficult process. We understand how frustrating and disheartening this experience can be. Thank you for your continued support and we hope to continue working with you for years to come.

Thank you again,
Team Granger Motors
