
August 31, 2021

Hello,

This communication is about your reservation for a 2-door or 4-door Bronco with Ford Motor Company of Canada that has been converted to an order with a Modular Hard Top or Dual Top roof as of March 24, 2021. This email address was provided to us at the time of reservation. If it is incorrect, please contact the Ford Customer Relationship Centre: crccan@ford.com.

There's nothing we want more than to get your Bronco to you.

Your Bronco is built, but unfortunately, we're having appearance concerns with the hardtop roof and we are replacing it to ensure your satisfaction.

As a result, your delivery timing will be delayed. We will prioritize replacement of hardtops on the oldest units first.

We know it doesn't make your Bronco appear any faster, but to show how much we appreciate your patience, we are pleased to offer you \$500* towards your future purchase of additional accessories, parts or service at participating Ford of Canada dealers on or before August 21, 2022.

To redeem this offer, please contact your Ford
